

Questions to ask about antenatal testing

Baby health checks start before they even leave the womb. Here are some questions you may want to ask your midwife about antenatal testing.

- ☐ Ask what the standard antenatal tests are and what they look for.
- ☐ Ask if there are any other tests that may be relevant based on age or individual medical and genetic history.
- ☐ Ask when the antenatal tests are carried out.
- ☐ Ask how the antenatal tests are carried out.
- ☐ Ask if it's ok to bring someone for support.
- ☐ Ask how long the results take to come back.
- ☐ Ask about the level of accuracy of each antenatal test – it varies.
- ☐ Ask for support or therapy if you need someone to talk to.
